Record Breaking Delivery!

We are extremely excited that we delivered 12 units of amphibious undercarriages worldwide in December 2015. The encouraging news is that, all the 12 units are repeat order from our 3 existing customers. This indicates that we are growing together with our customers as both parties business is growing.

ISO Update:

The stage 1 external audit, ISO14000 & OHSAS 18001 has been scheduled on the 18&19th February 2016. We are all looking forward to work & improve our working environment through systematic approach.

Environmental Health & Safety Policy:

Ultratrex Machinery Sdn Bhd, a manufacturer of amphibious excavator undercarriage and attachments recognizes the important of meeting customer requirements, protecting the environment and ensuring the health & safety to every person in our work premises.

Annual Appreciation Dinner

It is our business culture to have an annual appreciation dinner for all staffs, suppliers & customers. Our main objective is to show & appreciate all the hard work from our staffs, and support from customers & suppliers over the past few years. The appreciation dinner was on the 29th January 2016. It was a great, enjoyable & memorable moments for every one of us.
